

SAFWEN BEN MABROUK

Full-Stack Software Engineer | Next.js • NestJS • TypeScript • React

safwenbenmabrouk@gmail.com | [linkedin.com/in/safwen-ben-mabrouk-494721362](https://www.linkedin.com/in/safwen-ben-mabrouk-494721362) | <https://github.com/safwen-bm> | <https://portfolio-project-psi-black.vercel.app> | Monastir, Tunisia | +216 55 574 559

PROFILE

Full-stack software engineer specialized in Next.js, NestJS, React, and Node.js. Experienced in building complex, production-grade platforms end-to-end, from database architecture to CI/CD deployment, with a strong focus on business logic, security, scalability, and third-party integrations (payments, real-time systems, AI-powered features). Comfortable working in collaborative environments, quickly understanding existing codebases, and delivering technical value fast.

EDUCATION

Software Engineering Degree

EPI – International Multidisciplinary School, Sousse | 2023 – 2026

Preparatory Cycle in Technology and Computer Science (TIC)

EPI – International Multidisciplinary School, Sousse | 2021 – 2023

Baccalaureate in Technical Sciences

Bourguiba High School, Monastir | 2019

PROFESSIONAL EXPERIENCE

Full-Stack Developer Intern — Trinovatech

February 2026 – May 2026

- Designed and built a full-stack platform end-to-end, from database schema to CI/CD deployment, as a final-year engineering project
- Implemented AI-powered semantic search and a real-time collaborative editing system, along with role-based access control
- Integrated Stripe subscription billing and delivered a full automated test suite

Full-Stack Developer Intern — SWConsulting

Monastir | June 2025 – July 2025

- Analyzed an existing production system and its business logic to identify improvement points
- Contributed to the dynamic evolution of financial calculation and estimation rules, enabling business teams to modify financial rules without code changes
- Delivered full-stack features using Next.js, NestJS, PostgreSQL, and Prisma in an Agile environment

PROJECTS

DocuMind — Intelligent Document Management Platform

Next.js 15 • NestJS • PostgreSQL/pgvector • Prisma • AI (RAG) • Socket.io • Stripe • Docker

- Built a document management platform with AI-powered semantic search and a conversational assistant, plus real-time collaborative editing
- Implemented role-based access control and Stripe subscription billing
- Delivered with automated tests, Docker containerization, and CI/CD deployment (GitHub Actions)

Secure Medical Teleconsultation Platform

React • Node.js • Express • MongoDB • WebRTC • Stripe

- Built a teleconsultation platform with real-time video calls (WebRTC) and role-based access management
- Developed an admin dashboard for monitoring consultations and users
- Integrated Stripe payments and automated notifications

AI Car price Analyzer

Next.js • NestJS • FastApi • Python • XGBoost • KNN

- Built an AI-powered platform to estimate used car prices i Tunisia and detect deal quality
- Implemented machine learning models (XGBoost, KNN) integrated via a FastAPI microservice
- Developed an admin dashboard for monitoring usage and system statistics

Transactional E-Learning Platform (LMS)

Next.js • Node.js • Tailwind CSS • PostgreSQL • Prisma • Stripe

- Built a course-selling platform with teacher and student roles
- Implemented online payments and controlled access to course content
- Delivered a responsive interface across devices

TECHNICAL SKILLS

Frontend: React.js, Next.js, Tailwind CSS, HTML5/CSS3

Backend: Node.js, Express.js, NestJS, REST API

Languages: JavaScript, TypeScript, Python, Java, C, SQL

Databases & ORM: PostgreSQL, MongoDB, Prisma ORM, Firebase

Cloud & DevOps: AWS (Cloud Foundations), Docker, GitHub Actions (CI/CD), Vercel, Render, Linux, Postman, Agile/Scrum

CERTIFICATIONS

- AWS Academy Graduate: Cloud Foundations, Dec 2024
- Cisco CCNA: Switching, Routing & Wireless Essentials, Jun 2024

LANGUAGES

Arabic (native) • English (advanced) • French (advanced)
